

MODEL: 103FLX

FOAM COATED WORK GLOVES

A foam nitrile-coated glove rated to Cut Level 1, with an oil-grip textured palm — good for handling delicate objects such as in engineering operations, and for oily or greasy surfaces where grip would otherwise be a problem.

ANSI / EN388 RATINGS

EN 388:	3121X
Abrasion:	3
Cut:	1
Tear:	2
Puncture:	1

SIZING & FIT: These fit snugly by design so you keep full dexterity and grip sensitivity — order your usual glove size rather than sizing up.

CARE: Rinse the coated palm clean of debris and let it air dry. Skip the washing machine and dryer — heat and agitation break down the coating faster than normal wear. Retire the gloves once the coating cracks or the palm wears thin.

IDEAL FOR

General assembly, parts handling, and light maintenance work

PACKING

Single pairs up to 24-pair packs

SIZES AVAILABLE

Medium (8) to 2XL (11)
