

MODEL: 501D

GREY PU COATED CUT-RESISTANT WORK GLOVES

Premium Cut Level D liner glove mixed with spandex and nylon for extra fitting. Coated with grey polytherene for excellent grip, resistant to sharp edges and ideal for glass handling. High abrasion levels make it strong and long-lasting, providing very good overall protection.

ANSI / EN388 RATINGS

Cut (ANSI): **A4**

EN 388: **4X43D**

Abrasion: **4**

Tear: **4**

Puncture: **3**

SIZING & FIT: These fit snugly by design so you keep full dexterity and grip sensitivity — order your usual glove size rather than sizing up.

CARE: Rinse the coated palm clean of debris and let it air dry. Skip the washing machine and dryer — heat and agitation break down the coating faster than normal wear. Retire the gloves once the coating cracks or the palm wears thin.

SIZE CHART

M	L	XL
8	9	10

IDEAL FOR

Automotive/Mechanical Industry • Sheet Metal Handling • Construction

PACKING

Individually Packed • 12 pairs/polybag • 120 pairs/carton
