

From \$9.99

MODEL: 603GRB-F

HEAVY-DUTY PU COATED CUT-RESISTANT WORK GLOVES

A PU-coated work glove rated to EN 388 Cut Level 5 — our highest cut-resistance rating, for the sharpest, most abrasive material handling jobs.

ANSI / EN388 RATINGS

EN 388:	4X44F
ANSI Cut Level:	A6
Abrasion:	4
Tear:	4
Puncture:	4

SIZING & FIT: These fit snugly by design so you keep full dexterity and grip sensitivity — order your usual glove size rather than sizing up.

CARE: Rinse the coated palm clean of debris and let it air dry. Skip the washing machine and dryer — heat and agitation break down the coating faster than normal wear. Retire the gloves once the coating cracks or the palm wears thin.

IDEAL FOR

Recycling and scrap handling, sheet metal work, and glazing

PACKING

Single pairs up to 12-pair packs

SIZES AVAILABLE

Small (7) to 2XL (11)
