

MODEL: HIVIS-VEST / VEST-EXEC

HI-VIS SAFETY VEST

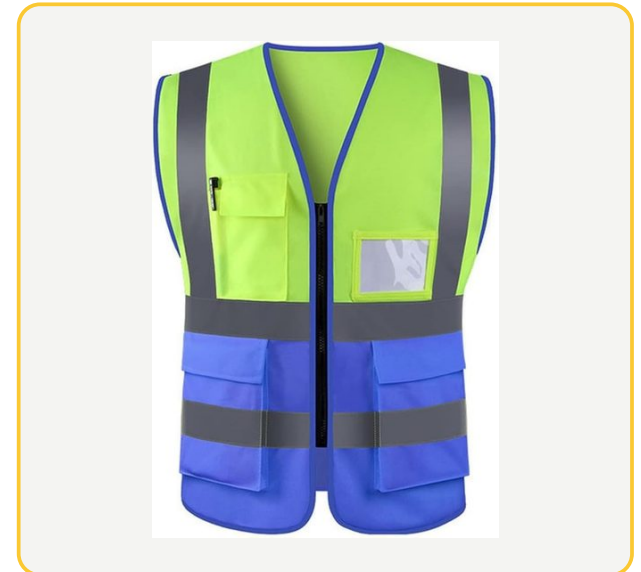

A hi-vis safety vest available in two styles: Standard, with a phone pocket and clear ID window for the simple no-fuss option, or Executive Zip, with a full-length zip front and multiple pockets for a phone, ID, and small tools.

KEY FEATURES

- Standard: lightweight fabric, phone pocket, clear ID window
- Executive Zip: full-length zip closure, multiple exterior pockets
- High-visibility reflective tape front and back on both styles

SIZING & FIT: Sized like standard hi-vis workwear. If you'll be layering this over a jacket, fleece, or coveralls, sizing up one size keeps it comfortable rather than tight.

CARE: Spot clean or machine wash cold on a gentle cycle and hang to dry. Avoid high heat and tumble drying, which can dull or lift the reflective tape over time.

SIZE CHART

M	L	XL	2XL
8	9	10	11
