

MODEL: RUSA-WB

WHITE DRIVER GLOVES (UN-LINED)

A classic unlined leather driver's glove - soft, flexible grain leather that breaks in fast and gives you the dexterity you need behind the wheel or on the tools, without added lining bulk.

KEY FEATURES

- Soft grain leather construction for flexibility & dexterity
- Unlined design - cooler, closer fit than lined alternatives
- Keystone thumb design for natural hand movement
- EN 388 rated: Abrasion 2, Cut 1, Tear 3, Puncture 3

SIZING & FIT: Runs true to size. If you're between sizes or plan to wear these over long shifts, sizing up slightly gives you a less restrictive fit.

CARE: Wipe down after use and let air dry away from direct heat. Condition the leather every few months with a leather conditioner to prevent cracking, and avoid prolonged soaking.
